

RETAIL PRODUCT CATALOGUE Q2-Q3, 2017

ABOUT US

VENZ belongs to Venz Technology Co.,Ltd. (China factory office) and Venztech BV (European office- and warehouse).

VENZ was launched widely in Europe in early 2016 but our brand history and the development on video- and audio streaming products goes back to 2009, when the VENZ brand got registered in Asia and the first devices with a VENZ name were sold in mainly Asian countries. The bridge between Asia and Europe was made in October 2015 and our European division Venztech BV was born.

We are here today to bring innovative high quality audio-video streaming devices and related products to the European consumers, which they can buy locally against affordable prices connected to a great service system supported by our Exclusive distribution partners and official resellers. Since we are the European eyes- and ears for our factory in Shenzhen, China we always make sure our products fit perfectly to the European retail channels and are well matched by hard- and software for all European consumers.

VENZ products in Europe are covered by 3 years warranty!

AUDIO STREAMING - MULTIROOM AUDIO

A1 *wireless audio adapter*

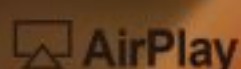

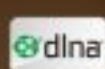

Our new VENZ A1 is a compact size device which brings a digital wireless world to your existing audio device. Any audio device with a AUX IN or with RCA IN ports (white/red) will work with the A1, this can be a hifiset, speaker set, radioset or receiver with such input port for audio. You power up the A1 with the supplied power adapter and insert a 3.5mm jack to 3.5mm jack cable (not included) or a 3.5mm jack to RCA cable (included) on the backside jack port and connect the other side to your existing audio device. To play songs from USB you can insert a USB storage (up to 64GB) in the USB port on the backside of the A1.

- *Connects your speakerset, receiver or hifiset with WiFi control
- *Controlled by user-friendly and free VENZ APLAY app
- *Multiroom functionality set up in VENZ APLAY app
- *Multiroom in Multi- or Solo mode set up
- *Full support for Airplay, DLNA, Spotify connect, Tunein, iHeartradio and more
- *Size: 14,4 x 13,3 x 3,7cm

AUDIO STREAMING - MULTIROOM AUDIO

VENZ
A5-W

LED Lighting WiFi Speaker
